# BETA

ENGINEERING SUCCESS **TOGETHER**

# YOU DON'T WORK WITH AN ENGINEERING FIRM. YOU WORK WITH ITS PEOPLE.

**AS WE GROW, OUR CLIENTS GROW WITH US.**

**THE MAJORITY OF OUR CLIENTS ARE REPEAT CLIENTS.** Usually they repeat time and time again. And the average BETA management team member has been here for 20 years. There's a reason for that, and it goes beyond successful projects that are completed on time and on budget. It's the basic BETA philosophy that demands we work hard, work together, and respect our clients by providing quality service that goes the proverbial extra mile.

## WE'RE HERE FOR YOU

Our first priority at BETA is meeting your needs. We believe a key to our success is truly understanding your project goals.

That's why the one spec that distinguishes us from other engineering firms you've worked with never shows up on paper: **OUR PEOPLE.**

## AT BETA WE'RE PROUD OF THE WORK WE DO, AND WE'RE EVEN MORE PROUD OF OUR PEOPLE.

And the feeling is mutual. Our staff continues to grow in numbers as well as experience. It's our team that turns our clients' projects from good to great—we believe collaboration is a critical component to any successful project. While we engineer solutions, we also build relationships.

## A WORKING RELATIONSHIP

At some point, the plans, regulatory issues, permitting, feasibility studies, budgets and timelines will dictate the conversation. At BETA, our Engineers and Planners will guide you through the details. We understand what it takes to drive a project to success **TOGETHER.**

## AREAS OF EXPERTISE

BETA works with federal, state, local and private clients throughout New England, the US and the world. We provide professional services in the following areas of expertise:

- Environmental Engineering
- Transportation & Traffic Engineering
- Civil/Site Engineering
- Structural Engineering
- Environmental Science Services
- GIS/Asset Management
- Landscape Architecture
- Urban Design/Planning
- Construction Services
