401-333-2382 www.BETA-Inc.com BETA offers compliance assessment services for communities throughout New England. Our knowledge and experience with the Americans with Disability Act (ADA) and the Manual on Uniform Traffic Control Devices (MUTCD) provides the expertise to navigate requirements of complex and ever-evolving federal regulations. Our team utilizes a host of GIS-based tools to suit the individual needs of any community. The result is the foundation to develop a Transition Plan that meets the goals of a community and determines a path to meeting compliance standards.

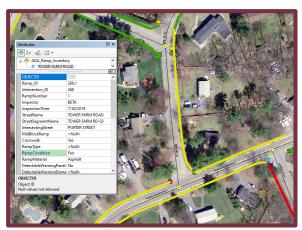

Compliance Assessments

- > BETA utilizes GIS-Based tools such as ESRI's Collector App to develop inventory, condition, and compliance assessments of sidewalks, curb ramps and signage assets.
- > We support communities in meeting compliance obligations while providing tools and training to schedule improvements across an entire network efficiently using limited funds.
- > BETA provides the essential elements for developing ADA Self Evaluation and Section 504 Transition Plan documentation, a requirement of Title II of the Americans with Disabilities Act.
- Our Team also provides customizable tools to meet the MUTCD standards and all aspects of signage assessment.
- > All data can be integrated into our AGOL online platform for easy access and viewing purposes.
